STUDENT EXCHANGE

List of faculties and/or list of study fields or programmes that are open to exchange students from partner university	In order to ensure the highest possible quality in terms of providing exchange students the most suitable programmes and classes, the process is tailor-made in each case. The application is consulted and processed between designated staff members at home and host institutions. Though professors and course leaders are also involved who help students in finding the most suitable classes and inform them about the entry criteria. For information on courses, please visit: https://www.elte.hu/en/incoming-mobility/courses
Accepting nominations	ELTE is decentralized in the process of accepting exchange student nominations, which means, that the International Strategy Office receives the nomination which is forwarded to the relevant Faculty for final evaluation. The acceptance lies in their hand (mostly based on whether there is matching course in English with what the student is studying at home).
Language(s) of programmes	There are a variety of programmes offered in English. The general language requirement is B2 intermediate English, however it varies with each faculty. The level and usage of the foreign language can be tested prior of the admission with a Skype/Zoom interview.
GPA requirements	There are no general GPA requirements. Each faculty has a different standard of requirements that can change based on the field of that faculty.
Documents necessary for the nomination (scanned, hardcopy not needed, .pdf package is preferred via email)	<ol style="list-style-type: none">1) (Full) Name:2) Gender:3) Date of birth:4) Place of birth:5) Passport number:6) Validity of passport:7) Mother's maiden name:8) Permanent address:
