### English Language Requirements

The language of instruction is English. Applicants can satisfy the English language requirements in a number of ways and this information is available on our website at:

<http://futurestudents.unimelb.edu.au/admissions/entry-requirements/language-requirements>.

Please note that the language requirements for undergraduate students and graduate students are not the same and graduate students should ensure they meet the minimum requirements for the school from which they are taking a majority of subjects.

### Application

Students should apply online at [www.mobility.unimelb.edu.au/inbound/apply/](http://www.mobility.unimelb.edu.au/inbound/apply/) Please send your student(s) the Student Instructions to use when applying. They can be downloaded from the website at [www.mobility.unimelb.edu.au/2015Unimelb\\_StudentInstructions.pdf](http://www.mobility.unimelb.edu.au/2015Unimelb_StudentInstructions.pdf)

Note that while we require students to upload all their supporting documentation into the online application, you must still send a copy of their transcripts to us by email or fax together with the Nomination form. DO NOT POST original documents to us unless requested by us at the time.

### Subject Load

#### Terminology

- **Course:** A degree or program studied, for example, the Bachelor of Arts is an undergraduate course. Courses vary in length from three to seven years.
- **Subject:** A unit within a course, for example the subject "Aboriginal Art" can form part of the Bachelor of Arts course. You can search for undergraduate subjects using the online handbook.

Students should take a full subject load of 50 points (usually 12.5 points x 4 subjects) for one semester. The minimum enrolment for student visa purposes is 37.5 points for one semester.

**Study Abroad:** Students are welcome to take subjects from any area as long as the subject is open and the student meets pre-requisites.

**Exchange:** If the exchange agreement between the home institution and the University of Melbourne is restricted to one faculty (for example Business), it may be necessary to get permission to take subjects outside that faculty. If the exchange agreement is a general agreement students are usually able to take subjects from any area as long as the subject is open and the student meets pre-requisites.

**Students are not permitted to take more than 50 points per semester.**

For more information about selecting subjects and course load please visit this link:  
[www.mobility.unimelb.edu.au/inbound/your-studies/selecting-subjects.html](http://www.mobility.unimelb.edu.au/inbound/your-studies/selecting-subjects.html)

**Transcripts are sent directly to the home institution approximately 5 weeks after the end of the exam period.**

### Overseas Student Health Cover

It is an Australian Government requirement that all international students must have health insurance, known as OSHC, from an approved Australian provider. No confirmation of enrolment documents will be issued until a student has either purchased Overseas Student Health Cover (OSHC) through the University of Melbourne or provided evidence of having this insurance.

For more information please see:

[www.services.unimelb.edu.au/international/visas/oshc.html](http://www.services.unimelb.edu.au/international/visas/oshc.html)

### Visa Requirements

Students coming from overseas to study at the University of Melbourne must have a student visa unless they are an Australian or New Zealand citizen. Students on study abroad or exchange apply for visa **sub-class 575, non-award**. They can do this once we issue a document called a Confirmation of Enrolment (CoE). We don't issue this until students have accepted their offers and met any conditions required.

In addition, the Australian government has recently introduced a new visa processing arrangement which enables them to issue visas more quickly. In order to do that, however, students may be required to provide more information to us before we can issue the CoE. The information can be about their health, if they have sufficient funds to support themselves while studying in Australia, what ties they have to their home country or country of residence to demonstrate that they will be returning there at the end of their time in Australia and if they have ever been refused an entry visa to a country. We will contact students and/or their agents/representatives if we feel we need to ask these questions.

### Arrivals

The closest airport to the University of Melbourne is Tullamarine Airport which is about 20km from the city. The University offers an airport pick-up service for study abroad and exchange students, however, they must make a reservation. Please see this link for more information:

<http://services.unimelb.edu.au/international/life-and-study/apply-for-airport-pickup>

### Housing

It is imperative that students organise their housing early. As soon as the admissions application has been submitted students should begin to organise housing. They will need their Application ID (Student Number) and can begin as soon as they have received this number. Students who wish to receive assistance to find housing should contact [saex-housing@unimelb.edu.au](mailto:saex-housing@unimelb.edu.au) as the University of Melbourne has a staff member dedicated to helping study abroad and exchange students.

The vacancy rate in Melbourne's rental market is currently very low and students are encouraged to research and secure housing early to ensure they get the option that best suits their needs. Housing for students can be broadly categorised into residential college housing and "off-campus" housing which is student housing, in some cases across the road from the campus, or private rental accommodation in surrounding suburbs. It is best that they begin their research online, which will have the most up-to-date information on housing options, including application deadlines: [www.mobility.unimelb.edu.au/inbound/life/housing.html](http://www.mobility.unimelb.edu.au/inbound/life/housing.html).
