

Worldwide Universities Network (WUN) Summer School 2019 - Energy Transitions

July 8 - 19, 2019

Alberta is a major energy producing region and the University of Alberta is a world leader in research in the areas of traditional energy development, future energy systems, and the related topics of environment and land reclamation

The WUN summer school in Energy Transitions is aimed at upper-year undergraduate students from any discipline, who are passionate about exploring multidisciplinary solutions to global challenges and have an interest in learning more about the latest research in energy related topics.

Application Deadline: April 8, 2019
