

PhD programmes

- Advanced Studies in Artistic Production
- Analytical Chemistry and the Environment
- Aquaculture
- Art and Education
- Besieged Reality: Concept, Process and Artistic Experimentation
- Biodiversity
- Biomedicine
- Biotechnology
- Brain, Cognition and Behaviour
- Business
- Citizenship and Human Rights
- Clinical Health Psychology
- Cognitive Science and Language
- Contemporary Philosophy and Classical Studies
- Drug Research, Development and Control
- Earth Sciences
- Ecology, Environmental Sciences and Plant Physiology
- Economic History
- Economics
- Education and Society
- Educational Psychology
- Electrochemistry. Science and Technology
- Engineering and Applied Sciences
- Erasmus Mundus in Fetal and Perinatal Medicine
- Food and Nutrition
- Gender Studies: Cultures, Societies and Policies
- Genetics
- Geography, Land Planning and Environmental Management
- History of Science
- Information and Communication
- International Doctorate in Transdisciplinary Global Health Solutions
- Law and Political Science
- Linguistic, Literary and Cultural Studies
- Marine Sciences
- Mathematics and Computing
- Medicine and Translational Research
- Medieval Cultures
- Nanosciences
- Nursing and Health
- Organic Chemistry
- Physical Activity, Physical Education and Sport
- Physics
- Psychology of Communication and Change
- Social and Organizational Psychology
- Society and Culture: History, Anthropology, Art and Heritage
- Sociology
- Teaching and Learning of Sciences, Languages, Arts and Humanities
- Theoretical Chemistry and Computational Modelling

The most innovative university in Spain
(Reuters Top 100)

almost
63,000
students currently at the UB

almost
12,000
international students

Comprehensive accommodation options:
3 UB halls of residence,
4 affiliated halls of residence,
1 UB student residence,
agreements with 14 private residences

The only Spanish member of the
League of European
Research Universities
(LERU)

National leader
in the foremost
international rankings

165th
worldwide
(69th in Europe)
QS World University Rankings

98th
worldwide
(37th in Europe)
Best Global Universities Rankings

The most prolific publisher
of scientific output in Spain

5,741
papers

Agreements with 116 of
the 200 best universities
in the world
(THE World University Rankings)

UNIVERSITAT DE
BARCELONA

Nearly 900 active research
projects and some 600 doctoral
theses defended (2018-2019)

more than
150
European Higher Education
Area master's degrees,
28 with the AQU Seal of Excellence
and 6 Erasmus Mundus master's
degrees

more than
500
UB-specific master's degrees
and postgraduate programmes

74
bachelor's degrees

48
doctoral programmes, all
available in English

88%
employment rate
among master's
degree graduates
(AQU)

3,478
students on exchange
programmes

3,235
international agreements

100,000 sq m
of sports and health facilities

UNIVERSITAT DE
BARCELONA

ACADEMIC YEAR 2020–2021

Study at the University of Barcelona

Educational offer in English

ub.edu/international

Bachelor's degrees

- Bioinformatics
- Business Administration and Management
- English Studies
- International Business
- Physiotherapy
- Tourism

Master's degrees

Arts and Humanities

- Analytical Philosophy
- Applied Linguistics and Language Acquisition in Multilingual Contexts

Engineering

- Artificial Intelligence

Health Sciences

- Bioinformatics for Health Sciences
- Translational Medicine

Sciences

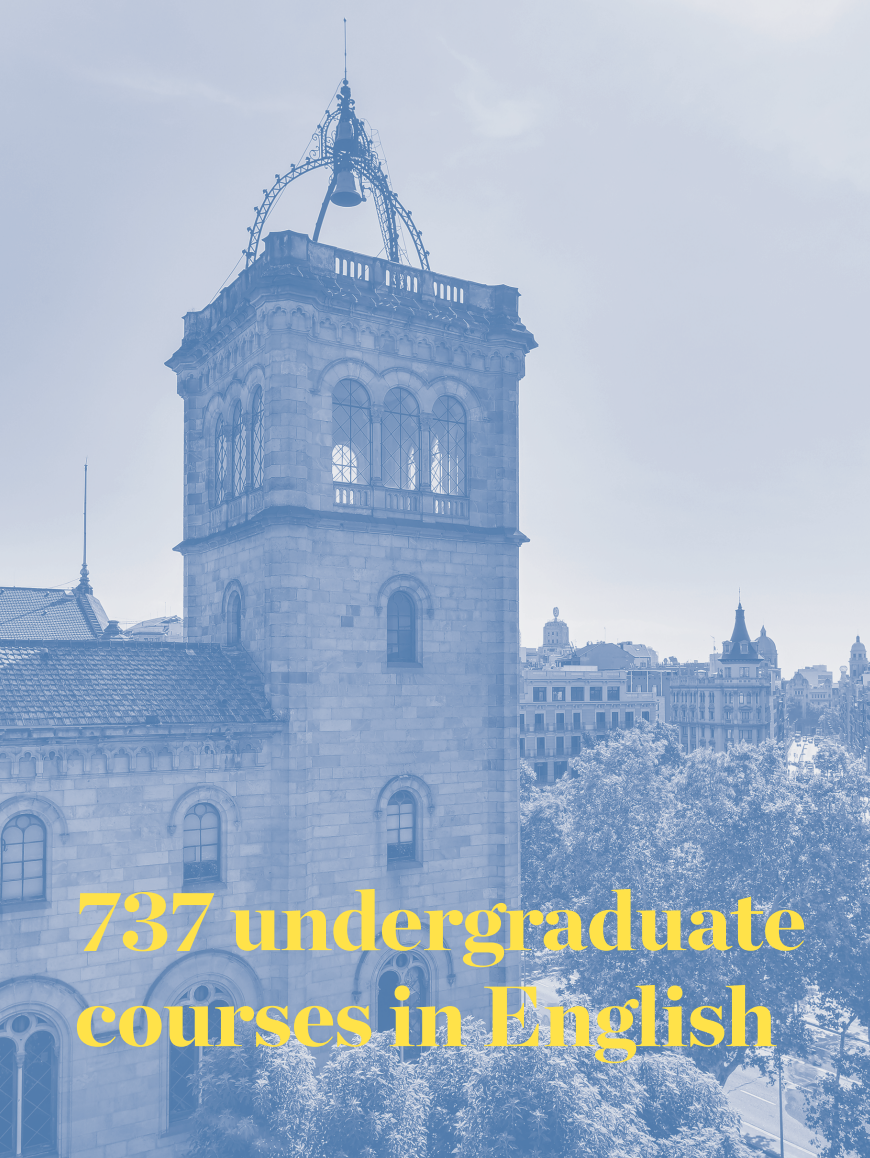

- Advanced Mathematics
- Astrophysics, Particle Physics and Cosmology
- Cognitive Science and Language
- Fundamental Principles of Data Science
- Nanoscience and Nanotechnology
- Paleobiology and Fossil Record
- Photonics
- Plant Biology, Genomics and Biotechnology
- Pure and Applied Logic
- Research in Behaviour and Cognition
- Reservoir Geology and Geophysics
- Theoretical Chemistry and Computational Modelling

Social Sciences and Law

- Economics
- Erasmus Mundus in Global Markets, Local Creativities
- International Business
- International Development
- International Relations
- International Security

UB-specific master's degrees

- Global Health
- Integrated Design Using Autodesk BIM Tools
- International Hospitality Management
- International in Fetal-Maternal Medicine
- Logistics and International Trade
- Mediterranean Diet: Food, Health and Nutritional Gastronomy
- Musculoskeletal Ultrasound

737 undergraduate courses in English

Arts and Humanities

Fine Arts

- Expansions in Art

Linguistics

- Introduction to Linguistics

Philosophy

- Issues in Political Philosophy
- Issues in the Theory of Knowledge II

Engineering and Architecture

Computer Engineering

- Advanced Databases
- Distributed Artificial Intelligence
- Parallel Programming
- Robotics

Biomedical Engineering

- Biochemistry
- Bioelectricity and Bioelectromagnetism
- Biological Systems Modelling
- Biomechanics
- Biomedical Imaging and Computing Laboratory
- Biomedical Microchips
- Biophysics
- Clinical Engineering, Health Systems and Ethics
- Innovation and Creativity in Organizations
- Materials and Biomaterials Engineering
- Medical Applications of Engineering III
- Medical Implants
- Molecular and Cell Bioengineering
- Nanobiotechnology and Nanomedicine
- Principles of Mechanics, Waves, Fluids and Thermodynamics
- Product Engineering in Healthcare

- Projects in Engineering
- Robotics and Biomedical Systems Control
- Simulation of Biomedical Engineering Systems for Testing, Analysis and Research
- Statistical Quality Control of Industrial Processes
- Tissue Engineering and Regenerative Medicine

Electronic Communication Engineering

- Robotics and Mechatronics
- Virtual Instrumentation

Materials Engineering

- Introduction to Nanotechnology

Health Sciences

Medicine

- Biomedical Discoveries
- English for Medical Purposes
- General Pharmacology
- Medical Psychology
- Microscope Studies in Human Organography
- Nephropathy and Male Genital Disease

Nursing

- Genomics and Personalized Medicine
- Human Anatomy

Pharmacy

- Molecular Principles of Cancer
- Pharmaceutical Biotechnology: Research

Podiatry

- Kinetic and Kinematic Systems for Human Gait Analysis

Psychology

- Clinical Psychophysiology
- Individual Difference
- Learning, Motivation and Affective Factors
- Perception and Attention
- Psychology of Organizations
- Psychobiology
- Psychology and Marketing
- Psychophysiology
- Research Techniques
- Statistics
- Topics in Bilingualism
- Work Psychology

Sciences

Marine Sciences

- Anthropogenic Impact on the Marine Environment
- Fishery
- Sedimentology of Marine Evaporites and Carbonates

Bioinformatics

- Biophysics
- Computational Genomics
- Elements of Physical Chemistry and Organic Chemistry
- Genetics and Genomics
- Population Genetics and Molecular Evolution
- Statistical Learning
- Structural Biochemistry

Biochemistry

- Cell Biology
- Design and Evaluation of Bioactive Molecules
- Immunology
- Laboratory III

Biology

- Human Biodiversity

Biomedical Sciences

- Cancer Biology
- Cell and Gene Therapy
- Cytology
- Developmental Biology
- Genetic Disorders
- Immunology
- Neurogenetics of Behaviour
- Pharmacology for Research and Innovation
- Research Project Design
- The Reproductive System
- Virology

Biotechnology

- Genetic Engineering
- Immunology
- Transgenesis and Animal Improvement
- Transgenesis and Plant Improvement

Chemistry

- Inorganic Materials

Mathematics

- Graphs
- Mathematical Models and Dynamical Systems

Physics

- Collective Phenomena and Phase Transitions
- Continuum Physics
- Electrodynamics
- High-Energy Physics and Accelerator Physics
- Meteorology and Climatology
- Microtechnology and Nanotechnology
- Non-Equilibrium Systems
- Quantum Mechanics
- Quantum Physics

Social Sciences

Industrial Relations

- Accidents at Work and Occupational Diseases in the Spanish Legal System

Art History

- History of Avant-Garde Art from 1905 to 1960

Audiovisual Communication

- Speaking and Writing in English

Communication and Cultural Industries

- English for Professional Purposes

Criminology

- Alternative Means of Conflict Resolution
- Drugs and Toxicology
- English for Criminology
- Victimology

Economics

- English for Social Sciences
- Econometrics
- Economic History of Spain
- Economic History of the World
- Game Theory and Applications in Economics
- History of Economic Thought
- International Economics
- International Economic Policy
- International Economic Organization
- Macroeconomics
- Microeconomics
- Public Sector Economics
- Regional and Local Treasury
- Spanish and European Union Economic Policy
- Tax System I

- The Spanish Treasury
- Twentieth-Century Economic History

Geography

- Applied Physical Geography
- Environmental Impact Assessment
- Political Geography

History

- History of Asia: Empires and Nations
- Medieval History
- Modern History of Catalonia

Information and Documentation

- Intellectual Property

Law

- Company and Financial Market Law
- Comparative Private Law
- Corporate Law
- Current Legal Issues in International Law
- Current Legal Issues in Private Law
- Environmental Law
- European Contract and Consumer Law
- Institutions of the Law of the European Union
- Law of Torts
- Philosophy of Law
- Public International Law
- Roman Law
- Systems of Rights and Liberties

Political and Administration Science

- Economic Assessment of Public Policies
- English for Political Science
- International Organizations

Social and Cultural Anthropology

- Gender and Identities

Sociology

- Health and Welfare
- Social Problems and Conflicts
- Sociological Theory
- Sociology of Professions, Occupation and Work
- Sociology of the Family and Life Cycle
- Urban Sociology

Teacher of Early Childhood Education

- Musical Expression and Physical Theatre
- Teaching and Learning of Mathematics
- Teaching and Learning of Music
- Teaching and Learning of Physical Education

Teacher of Primary Education

- Practicals III
- Teaching and Learning of Geography
- Teaching and Learning of History
- The Educational System and School Organization

This list doesn't include courses of Bachelor's degrees fully taught in English.
