China Executive Leadership Programs

Accounting and Finance Program 2015

July 18 to August 8

The China Executive Leadership Programs would like to invite you to study this summer at the world-famous University of Illinois at Urbana-Champaign. The University of Illinois is consistently ranked as one of the top public universities in the United States and in the world, and the University of Illinois College of Business also proudly boasts a top-ranked undergraduate accounting program in the U.S. and a highly competitive finance program.

Here is an outstanding opportunity for you to study at our campus for two weeks, experience the teaching methods of U.S. higher education faculty, and complete two courses. You will also learn, first-hand, about the academic life and culture at an American university campus. Following your stay at the U of I, you will spend one week visiting Chicago, Washington D.C and New York City.

The University of Illinois is situated in the middle of a vibrant community, rich in culture, with plenty of activities suitable to your interests. Please use the following link to access more detailed information about our campus and community: www.illinois.edu

Program Overview

Classroom Study

Each course includes 16 hours of instruction, delivered in two-hour morning and afternoon class segments. The instructors will encourage and lead students through discussions of complex accounting and finance topics. Classes will culminate with a final exam.

Cultural Visits

China Executive Leadership Programs staff will plan cultural events and accompany the group on field trips to famous modern and historical attractions in Chicago, St. Louis, and Springfield.

Supervised Group Out-of-State Travel

Following the end of the program, students will have a 7-day group trip with a chaperone from the China Executive Leadership Programs. Students will visit key tourist sites, world-class universities and government organizations in Chicago, Washington D.C. and New York City before departing for China.

We look forward to welcoming you to our campus this summer!

The Courses

Financial Management

The financial management course is a sophisticated examination of global assets and their attendant risks. Topics covered will include, but are not limited to, the mathematics and risks associated with equities, bonds, mutual funds, real estate, insurance, derivatives, and commodities, as well as the mathematics of interest rates, financial functions, domestic and global income tax considerations, retirement and health issues, and enterprise risk management.

Instructor: Don Davis, Lecturer of Finance, Department of Finance, University of Illinois College of Business

Accounting Theory – Special Topics

This course introduces students to the role of accounting information as a tool used by decision makers for resource allocation and as a tool used by the firm internally to coordinate and control its broader organizational units. Within a small business context, students will develop a deeper appreciation for the qualities of useful information, the business environment in which financial reporting

decisions are made, and the risks which threaten the achievement of organizational objectives.

Instructor: Julia Shapland, Lecturer of Accountancy and Director of Accountancy Internship Program for the University of Illinois
