1-1. Kyoto University International Education Program (KUINEP)

Kyoto University International Education Program (KUINEP) provides undergraduate level lectures in English to our partner university students as well as Kyoto University students. The program is open only to undergraduate students. (Their status at Kyoto University is “Special Auditor”.) Each semester, KUINEP students are required to register minimum of 6 classes of which 2 (or more) has to be from KUINEP (two credits per class), each of which comprises two hours of lecture per week for 15 weeks. KUINEP students are able to take courses taught in English from Liberal Arts and General Education catalog. The students can also take regular class from Faculty courses with the lecturer’s permission. They may even take more than 6 classes.

1-2. Kyoto University General Exchange Program

This is the program in which students take ordinary courses taught in Japanese¹. Students in undergraduate faculties and in graduate schools are affiliated (**Special Auditor**). For graduate students, there is another option to deepen their own research under the instruction of academic supervisors without taking any courses lectured in classrooms. Japanese proficiency is not required if supervisor can guide the student by any other language (**Special Research student**). As for undergraduate level of this program, all students are to take regular classes in their faculty which are given in Japanese. Therefore undergraduate students in this program must have sufficient Japanese language proficiency.

Because details on application information vary among faculty/graduate school, applicants for general exchange program must complete “Step 1” weeks before application deadline.

A limited number of scholarships are available through Japan Student Services Organization (JASSO). JASSO is a government-sponsored non-profit organization dedicated to promoting international student exchange. Recipients will be selected by Kyoto University based on their academic record. Those who 1) will receive any other financial support more than 80,000 yen per month or 2) will not stay in Japan with “College Student Visa Status” are not eligible for it. For Example, those who have Nationality or Permanent Residency of Japan are come under 2). JASSO Scholarship is a monthly stipend of 80,000 yen.

Kyoto University will apply for exchange students’ “Certificate of Eligibility” to the Kyoto Immigration Bureau for processing. Students, on receiving their “Certificate of Eligibility,” should apply to the nearest Japanese diplomatic mission (embassy or consulate) in their country for a “College Student Visa Status”. Students have Japanese Nationality can also join exchange program.

- ◆ **Comprehensive Health and Liability Insurance**

The Japanese law specifies that students staying in Japan must join the Japanese National Health Insurance Program, which costs around 2,000 yen per month. Many students additionally enroll in insurance from their countries to be safer since the coverage and the regulations are different. When entering Kyoto University, to enroll university coop “Student Mutual Benefit” is obligation. Yearly premium for it is around 2,000yen (Initiation Fee for Coop membership is ¥4,000 and will be refunded fully upon deregistration).
