

Have you dreamed of attending Duke University, with its unparalleled academics and its stunningly beautiful campus? Join us this summer as an International Summer Scholar, where we invite visiting students who are enrolled in an accredited university to prepare for graduate study in the U.S. while earning credit in an academically challenging environment. Become part of a strong and diverse learning community and take advantage of the opportunity to experience firsthand education in the United States. There is a wide variety of classes to choose from and you are sure to find a course that will interest you and get you excited about a field of study.

As an International Summer Scholar, you will:

- Explore your academic interests with insight from your international peers.
- Focus on intense subjects and lively discussions in a relaxed global environment.
- Immerse yourself in a college campus bursting with diverse cultural experiences.
- Learn more about the education system in the United States and enjoy cultural immersion to the U.S.

Enroll in the Term 2 four-week intensive experience, held July 11 – August 3, and complete one class for academic credit and enjoy special international programming. Or, attend the six-week traditional term, held July 3 – August 13, and enroll in two classes where you may earn academic credit for one class and audit one class or elect to receive academic credit for both classes.

Special workshops will be offered for international students in Term 2 Intensive. Topics covered may include international orientation, career services, the graduate admissions process, and information about academic classroom culture. You will also hone your language and communication skills, learn tips for thriving in graduate studies, improve your intercultural awareness, and gain a better understanding of American culture.

You will also get support and assistance from our office with your arrival to campus as well as with getting oriented to the campus and the services it offers to students. We will be available to answer your questions and offer guidance and advice for exploring the area around Duke and Durham, or if you want to travel farther and visit other cities in the country.

We begin accepting applications on February 27, 2017. Seats will fill quickly, so apply early! We recommend you check with your academic advisor or your institution’s registrar if you wish to transfer credit back to your home college or university.

For more information, please view our frequently asked questions. You may also contact Duke Summer Session at +(919) 684-5375 or email kprice@duke.edu.

We hope to see you on the Duke University campus this summer!
