Australian National University

ANU COLLEGE OF ENGINEERING & COMPUTER SCIENCE INTERNATIONAL SUMMER SCHOOL 2018

A degree in engineering or computer science will reward you while you study and long after.

> You will be challenged, placed at the forefront of technological innovation, and have the opportunity to develop transferable skills that can be applied in a range of professional contexts.

> Modern engineers and computer scientists play an integral role in meeting the grand challenges of our time, including climate change, humanitarian crisis and protecting our natural resources.

ANU College of Engineering & Computer Science

Explore engineering and computer science at ANU

Join our 2018 ANU College of Engineering and Computer Science International Summer School to find out more about the life in Canberra and at ANU, and how studying engineering or computer science at ANU will give you a competitive edge.

Note: This program is non-credit bearing.

Program period

Sunday 21 January 2018 to Saturday 3 February 2018

Theme

Smart Cities

The underlying theme will be the creation of smart cities, wherein we apply innovative technology-based solutions to urban challenges, with a view to improving their liveability, productivity and sustainability.

2018 CECS International Summer School

Eligibility

> Undergraduate students

> Currently pursuing an academic program at a university or equivalent, that is eligible to transfer into our engineering/computing degrees (related disciplines).

> Preference given to students from our partner universities

Academic requirements

Students must demonstrate a 'credit' GPA of 5.0/7.0 (or very similar) in order to be eligible for consideration.

> China minimum average of 70%

> India minimum GPA of 3.0/4.0

> Malaysia minimum GPA of 3.2/4.0

> Singapore minimum GPA of 3.2/4.0

Cost

Cost of the program has been subsidised by ANU College of Engineering and Computer Science.

Program Cost

AUD$1700. Cost inclusive of

> Tuition fee;
> Academic activities;
> 13 nights of accommodation;
> 11 days of meals (Meals not provided on Saturday 27 January & Sunday 28 January);
> Transport within Canberra;
> Sightseeing and other social activities.

Accommodation

Students will be provided with catered on-campus accommodation in one of ANU student residences.

International Travel

Cost does not include air fares, visa application fees or insurance. Students are responsible for the cost of their own round trip air fares, visa and insurance.

Visa information

International students should apply for an Australian visitor visa (note: not an international student visa). The short duration and academic status of the Summer School means that it falls under the conditions of a visitor visa, as detailed by the Department of Immigration and Border Protection.

How to apply

Step 1: Please complete the online application form to apply for the 2018 CECS International Summer School.

cecs.anu.edu.au/events/cecs-summer-school

Step 2: Once you have completed this application form, email your latest transcripts to

international.cecs@anu.edu.au

by the application deadline; **5 November 2017, 11:59PM AEDT.**

Note: When providing your transcript, please include your First Name and Last Name in your email subject line.

Selection basis

Applicants are assessed on the responses to the statement of purpose in addition to their academic transcript.

Program Capacity

> 40 students.
> Up to 5 students per ANU College of Engineering and Computer Science Partner University

Important Dates

Application deadline

Sunday 5 November 2017 11:59pm AEDT

Outcome notification

Friday 17 November 2017 11:59pm AEDT

Acceptance deadline

Wednesday 22 November 2017 11:59pm AEDT
