📌 University of York Global Programmes – Programmes in York

National Gallery, London

York and the University

The University of York is a leading UK University in historic York, one of Europe's most beautiful cities. Close to the city centre, it is situated on a lake-side campus. York has been voted the safest city in the world in a recent survey.

Programme Structure

Keynote talks and tours will be delivered by senior academics in History of Art, Archaeology, History, Literature and Philosophy.

Discussion sessions will help you to explore the themes in greater depth.

Ekphrasis ('the dramatic description of a work of art') will be used to examine the artistic and historic culture of York and to start the creative process.

Visits will include a 3-day visit to London, the York cathedral, the stately home Castle Howard, the heritage site Fountains Abbey and art galleries.

You will prepare a **poster presentation** that will bring together your experiences on the programme.
