

## **SUMMER 2012 UNIVERSITY OF ALBERTA RESEARCH INTERNSHIP PROGRAM**

The University of Alberta is pleased to invite up to 30 senior undergraduate /Masters students from our partner institutions in China to our elite UAlberta Research Internship Program in 2012. This unique program offers your students an exclusive opportunity to work with our faculty members on research projects throughout our academic disciplines. The UAlberta Research Internship Program is limited to a handful of our global partners located in our priority regions. In addition, students from other strategic partner countries will be participating.

Selected students will participate in a ten-week research internship during May – August, 2012 at the University of Alberta and will be provided a \$5,000 CAD award for their participation. There are no program fees for the internship and start dates can be flexible. Additionally, the students will be provided with orientation services and will be included in a social program of intercultural activities, take part in field-trips to the Rocky Mountains and throughout Alberta, and participate in a closing ceremony where they will be issued Certificates of Participation. They will also be participating in a Poster Symposium where they will highlight the research they undertook during the research internships.

Research opportunities are available on our website and students may apply into December for placements starting in May, 2012. Application deadline is December 9, 2011.

Here is the application link:
